BRIDGE HISTORY

Engineer or Designer Unknown Builder or Fabricator Concrete Steel Bridge Company

Bridge Plan Location Unknown

Additional Details: Closed spandrel elliptical arch. Concrete parapet with incised panels. Cracks in parapets. This bridge was designed or constructed by a known West Virginia-based engineer or firm but does not possess enough distinctive characteristics to qualify as significant in the area of engineering.

Bridge No.	17-005/00-006.73	BARS No.	17A019	Federal Bridge No.	00000000017A019	Bridge Design No.	6611.0
NATIONAL REGISTER EVALUATION INFORMATION							

National Register Determination

Reason Not Evaluated

National Register Determination Date

This bridge is not eligible for the National Register under Criterion C as it does not illustrate the evolution or transition of a bridge type or an important variation in design, fabrication, or construction of a bridge type. Additionally, it is not a distinguishable representation of a master's work and does not possess high artistic value as identified through contextual research.
