Statement of Significance:	
The village of Levels was originally known as Levels Cross Roads because of its location at the intersection of four roads in north-central Hampshire County: Bright's Hollow Road (County Route 5/5) north to Okonoko, Little Cacapon-Levels Road (County Route 3/3) southeast to Slanesville, Jersey Mountain Road (County Route 5) south to Romney. This may be associated with the local orchard industry and may be National Register-eligible under Criterion A for agriculture. This preliminary evaluation would have to be confirmed with an inspection of the interior and the concurrence of the SHPO.
