Work Order does not include any activities which fall outside of the WUE-106 listing ☐ (stop here)

Work Order does include activities which fall outside of categories listed in "Weatherization Undertakings Exempt from Section 106 Review" (WUE-106) ☒ (continue to page 2)

Please explain in detail activities from proposed work order that fall outside of items listed as exempt on WUE-106:

Audit calls for window replacement. Would like to replace six windows on a 68 year old home that has aluminum sliding. Has wood sliding single pane windows now, would be replacing them with vinyl, double pane low E windows. Windows are located on the North and East side of home. Only visible from driveway.
